# AV RIDER

Amanda's presentation is a high-energy, entertaining 'show' and relies heavily on the right Audio Visual set-up to ensure your audience gets the maximum value, inspiration and motivation.

Amanda will bring her **own computer** (Macbook Pro) with the necessary output adapter and her own clicker, with the presentation (run from Keynote) ready to go. She will also bring a back-up on a USB drive.

**Keynote** is her preferred program due to the quality of video and slide transitions, but if you require her presentation in PowerPoint, please advise Amanda at **least five days prior to the engagement** (penny@amandastevens.com.au)

Her presentation requires:

- high definition screen projector
- good quality audio system (sound will run from the computer)
- lapel or headset microphone

On stage, it's preferable if she has stage area free of a centred lectern and 2 bottles of room temperature water.
