## What Grant's Client's Have To Say...

*“Grant’s presentation on change was the highlight of our conference and provided the framework for our long- term culture strategy. He is an outstanding thought leader, speaker and mentor on change, culture and strategy.”*

**Elmarie Vos**

**Senior Manager**

**Toyota SA Motors**

*“Grant Driver is a world class speaker who wowed and inspired Neurosurgeons at the Discovery Health Leadership event. His workshop on leadership, change and neuroscience was brilliant to say the least. And we are proudly keeping him on as a regular speaker at our Medical and Surgeons’ conferences.”*

**Shervonne Hall**

**Special Projects /Stakeholder Relations**

**Discovery Health**

*“CAPTIVATE is the perfect name for Grant Driver’s company. He captivated our audience with outstanding and relevant content, lovely sense of humour and excellent audience engagement. He was the top rated speaker at our event and left the audience inspired and empowered to face the changes we are preparing for as an organisation.”*

**Nicole Fynn**

**Director, Regional People Services EAME**

**International Flavors and Fragrances**

# **PRESENTATION SYNOPSIS**

**TITLE:** Once Upon A Future Time

**DURATION:** 60 minutes

## **ONCE UPON A FUTURE TIME**

This inspiring, challenging and thought-provoking presentation is based on Grant Driver's 20 years experience as the Founder of Captivate International. A sought-after specialist company that works with global brands to navigate change, drive employee and customer engagement through leadership and strategy execution. Using neuroscience research and insights as the basis of the company's methodology and training programmes.

Grant Driver is an international Executive Coach working with CEO's and management teams of well-established organisations.

Grant is a professional speaker and was recently inducted into the Professional Speakers Hall of Fame in recognition of his professionalism, contribution and success as a recognised speaking professional.

**ONCE UPON A FUTURE TIME delivers the following take-home value for audience members:**

- The neuroscience of change. A fascinating journey into how the brain and the body function neurologically when experiencing change. How thoughts, feelings, perceptions and the subconscious mind operate to either fight or embrace change and how to master change, both personally and professionally.
- How to develop a Growth Mindset to embrace change and develop the coping techniques to stay on-course.
- The global changes that will affect every business and all our lives.
- How the customer is changing and reshaping businesses in the future.
- Skill, values and strategies needed by leaders and teams to be nimble in driving change.
- The world will be even more connected than now. Are you thinking globally?
- Insightful and inspiring stories and case studies from Grant's experience with top organisations to drive home the message that change is possible.
- Delegates will also be equipped with a formula Grant Driver uses to empower people to embrace and execute change personally and professionally.
- Q and A's - Grant Driver welcomes questions by audience members at the end of his presentation or at a break following his talk.

## GRANT DRIVER'S PRESENTATION STYLE

Grant is an engaging and interactive speaker. He has a conversational style of speaking and has an ability to connect powerfully and personally with audiences. His sense-of-humour and relaxed approach creates a unique and memorable experience for audience members.

Grant's content is relevant, fresh and on-point. His material is highly researched and shared in an inspiring and light-hearted manner. The take-home value of his presentations is immense and of outstanding value for his clients.
